Journal of
GASTROINTESTINAL
MOTILITY

Contents for Volume 4

VOLUME 4
NUMBER 1
MARCH 1992

1 Interstitial cells of Cajal: are they major players in control of gastrointestinal motility?
E. E. Daniel & I. Berezin

25 Effect of daily loperamide administration on gastrointestinal myoelectric activity
G. L. Telford, D. E. Varner, L. L. McManus, S. Walgenbach-Telford, M. F. Otterson, R. E. Condon & S. K. Sarna

33 Alterations of colonic motility after oral administration of prostaglandin E_1 analogue misoprostol in man
M. Delvaux, G. Staumont, J. Fioramonti, L. Bueno & J. Frexinos

39 Introduction of conventional microbial flora to germfree rats increases the frequency of migrating myoelectric complexes
E. Husebye, P. M. Hellström & T. Midtvedt

47 Progressive muscular relaxation and motility of the small intestine: studies in normal subjects and patients with irritable bowel syndrome
J. E. Kellow, P. M. Langeluddecke, G. M. Eckersley, M. P. Jones & C. C. Tennant

53 Corticotropin Releasing Factor (CRF) increases post-prandial duodenal motor activity in humans
E. A. Mayer, B. Sytnik, S. N. Reddy, G. M. Van Deventer & Y. Taché

61 Changes in gastric electrical activity in patients with severe post-operative nausea and vomiting
G. J. Clevers, A. J. P. M. Smout, E. J. Van Der Schee & L. M. A. Akkermans

71 Effects of duodenal flow on interdigestive patterns of small bowel myoelectric activity
L. P. Prabhakar, S. M. Herkes, C. D. Smith, K. E. Berhns & M. G. Sarr

VOLUME 4
NUMBER 2
JUNE 1992

77 Little Brain–Big Brain
D. Grundy & J. D. Wood

79 The importance of gut feelings
N. Read

83 Stress and gastrointestinal motility in animals: a review of the literature
P. Enck & G. Holtman

91 Effects of modifications of gastric motility on the membrane potential of the coeliac ganglionic neurons in the rabbit
B. Mazet, J. P. Niel, J. P. Miolan & C. Roman

99 Evaluation of the refractory period of the human migrating motor complex through induction of premature Phase III
L. Marzio, O. Pieramico, L. Grossi, F. Di Felice, D. K. Nelson, D. Lapenna & F. Cuccurullo

107 Involvement of peripheral and central motor and secretory components in the action of a prostaglandin E_2 analogue on colonic transit in rats
V. Theodorou, J. Fioramonti & L. Bueno

113 *Helicobacter pylori* infection and gastric emptying of solids in humans
S. H. Caldwell, G. Valenzeula, B. J. Marshall, K. R. Dye, S. R. Hoffman, M. W. Plankey & R. W. McCallum

119 Oral cisapride increases gallbladder volume in volunteers
D. J. Ziegenhagen, E. Glimm, W. Kruis & E. Zehnter

125 Biomechanical wall properties in the isolated perfused porcine duodenum: an experimental study using impedance planimetry
H. Gregersen, C. S. Jørgensen & F. H. Dall

137 Yohimbine stimulates colonic motility through a central action in conscious dogs
J. Fioramonti, M. Berlan, M. J. Fargeas & L. Bueno

VOLUME 4
NUMBER 3
SEPTEMBER 1992

145 Electrical responses of the muscularis externa to distension of the isolated guinea-pig distal colon
T. K. Smith, R. A. Bywater, G. S. Taylor & M. E. Holman

157 Effect of meal volume on gastric emptying
H. C. Lin, J. D. Elashoff, Yo-Guo Gu & J. H. Meyer

165 Oesophageal motor function and outcome of treatment with H_2-blockers in erosive oesophagitis
F. Baldi, A. Longanesi, F. Ferrarini, G. Michieletti & A. M. Morselli-Labate

173 The effects of acute exercise on colonic motility
L. J. Cheskin, M. D. Crowell, N. Kamal, B. Rosen, M. M. Schuster & W. E. Whitehead

179 Tissue selective localization of oral cimetropium bromide to muscarinic receptors in colonic smooth muscle
L. de Conti, S. Giacometti, E. Scherini, G. Bernocchi & H. Ladinsky

187 Colonic high-amplitude propagated contractions (mass movements): repeated 24-h manometric studies in healthy volunteers
G. Bassotti, C. Betti, C. Fusaro & A. Morelli

193 Effects of a novel intestinal peptide (enterogenin) on the contractile and bioelectric activity of intestinal smooth muscle from the rat and the guinea-pig
B. Triffonov, A. Kristev, G. Zaprianov, J. Lukanov & I. Kostadinova

200 Announcements

203 Abstracts of the Sixth European Symposium on Gastrointestinal Motility

---

VOLUME 4
NUMBER 4
DECEMBER 1992

253 Differences in longitudinal smooth muscle response along the length of the rabbit small intestine
R. B. Scott & D. T. M. Tan

261 Cisapride does not modify equine gastrointestinal motility disrupted by *E. coli* endotoxin or prostaglandin E_2
J. N. King & E. L. Gerring

271 Up and down the spinal cord: afferent and efferent innervation of the human external anal sphincter
P. Enck, J. Herdman, K. Börgermann, U. Theisen, P. Zacchi & H. J. Lübke

279 Effects of enteral infusion of nutrients on canine intestinal motor-patterns
H. R. Schmid, H. J. Ehrlein & C. Feinle

293 Gastrointestinal motor activity associated with post-operative ileus and emesis
D. Smith, B. Waldron, M. Loudon, P. Small & F. C. Campbell

301 Development and validation of microcomputer analysis of gastric and small-bowel manometry
B. Waldron, D. Smith, B. E. Storey, G. White & F. C. Campbell

316 Characteristic motor patterns of phase II and behaviour of phase III in the fed state
H. J. Ehrlein, H. R. Schmid & C. H. Feinle
